Personal protective equipment

Personal protective equipment, or PPE, protects workers from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical, or other workplace hazards. Besides face shields, safety glasses, hard hats, and safety shoes, protective equipment includes a variety of devices and garments such as goggles, coveralls, gloves, vests, earplugs, and respirators. In other words, PPE is equipment worn on the body that protects a worker from exposure to a hazard.
