

1. Lea el texto rápidamente. ¿De qué se trata? ¿Qué palabras reconoce?

PPE

_____ protect workers from head impact, penetration injuries, and electrical injuries such as those caused by falling or flying objects. Also, regulations require employers to ensure that workers cover and protect long hair to prevent it from getting caught in machine parts such as belts and chains.

_____ prevent injuries by protecting workers from hazards such as falling or rolling objects, sharp objects, wet and slippery surfaces, molten metals, hot surfaces, and electrical hazards.

_____ protect workers from the hazards of flying fragments, +hot sparks, optical radiation, splashes from molten metals, as well as objects, particles, sand, dirt, mists, dusts, and glare.

_____ help prevent damage to hearing. Exposure to high noise levels can cause irreversible hearing loss or impairment as well as physical and psychological stress.

_____ Workers exposed to harmful substances through skin absorption, severe cuts or lacerations, severe abrasions, chemical burns, thermal burns, and harmful temperature extremes will benefit from hand protection.

_____ protect against adverse health effects caused by breathing air contaminated with harmful dusts, gases, smokes, sprays, or vapors. They generally cover the nose and mouth or the entire face or head and help prevent illness and injury.
